

Promote the best affiliate products
in exchange for a commission

TOP 25 AFFILIATE PRODUCTS

By Ferdy Korpershoek

INTRODUCTION

Affiliate Marketing is in my opinion the best way to make money through the internet. What is Affiliate Marketing? It is 'Promoting someone else's product or service in exchange for a commission.'

Let's take the Divi theme (a theme for Wordpress) as an example. The Divi theme is the best sold Wordpress theme out there.

What **YOU** can do **TODAY** is the following: You can sign up as an affiliate of the Divi theme and earn 50% commission of every sale that has been made through your affiliate link.

In this eBook I will give you my top 25 affiliate products and services to promote in 2020. There is no order from number 25 to number 1. They all have their benefits and every product or service is unique in its own way.

From those 25 products and services YOU can decide which will be your number one. What you can do is the following. See if you like a product or service and start to build massive value around it.

That is atleast \$40 per sale you can make! So what do people do often? They start spamming other people with their affiliate link in the hope that people will buy a product or service through their link. And that is totally the wrong way!

What you need to do is to create VALUE around the product or service you want to promote!

Through Instruction videos, review videos, comparison videos, '7 reasons why you should get *fil in the product*' videos. And blogposts about all these subjects.

I provided the products and services in this overview and the instructions in the free training/tutorial. Now it is up to YOU to TAKE ACTION!
